INLAND PARCEL POST.

Parcels *not exceeding 11 lbs. in weight* are received at any Post Office for transmission between places in the United Kingdom.

In order that a packet may go by Parcel Post it must be tendered for transmission as a parcel, and should bear the words "Parcel Post," which should be clearly written in the left-hand top corner.

Every Post Office is open to the public for Parcel Post business on week days during the same hours as for general postal business. No Parcel Post business is, as rule, transacted in England or Ireland on Sundays, Christmas Days, and Good Fridays; nor in Scotland on Sundays and Sacramental Fast Days.

The following are the principal conditions and regulations:—

The size allowed for an Inland Postal Parcel is—

- Greatest length,..... 3 ft. 6 in.
- Greatest length and girth combined,... 6 ft. 0 in.

For example—

A parcel measuring 3 ft. 6 in. in its longest dimension may measure as much as 2 ft. 6 in. in girth, *i.e.*, round its thickest part; or—

A shorter parcel may be thicker; thus, if it measure no more than 3 ft. in length, it may measure as much as 3 ft. in girth, *i.e.*, round its thickest part.

The most convenient mode of measuring is by means of a tape 6 ft. long, having the length of 3 ft. 6 in. marked thereon. So much of the tape as is not used in measuring the length is the measure of the maximum girth permissible. Such a tape, if provided by stationers, may conveniently be marked in one colour up to 3 ft. 6 in., and the remaining portion in another colour.

The rates of Postage are,—for a Parcel,—

Not exceeding 1 lb. in weight, ..... 3d

Every additional lb. or fraction of a lb. up to 11 lbs., 1½d extra.

Compensation for loss or damage will be given, subject to certain regulations, in accordance with the following table:—

Without payment of fee, to amount not exceeding £1

On payment of insurance fee of 1d in addition to postage, to an amount not exceeding ..... £5

On payment of insurance fee of 2d in addition to postage, to an amount not exceeding ..... £10

No parcel is accepted which weighs more than 11 lbs., or is not sufficiently paid. The postage must in all cases *be paid in advance*, and by ordinary postage stamps, which must be affixed by the sender before tendering a parcel for transmission by Parcel Post at a Post Office.

Parcels must not be posted in a letter box, but must be taken into a Post Office and handed over the counter. Care must be taken that every parcel bears a clear address.

A parcel bearing the words "Parcel Post," or otherwise marked for transmission as a parcel, and posted out of course in a Letter Box, must be forwarded as a Letter or Book Packet if it is fully prepaid at the rate proper to either, and is otherwise in accordance with the regulations of the Letter or Book Post.

If it does not comply with the above conditions, but is fully prepaid at the Parcel rate, and is otherwise in accordance with the Parcel Post regulations, it will be forwarded by Parcel Post and charged with a fine of 3d, together with the deficient postage, if any, at the Parcel Post rate.

The address of a parcel must be clearly written, either on the outer wrapper or on a separate address label securely fastened to the parcel; and the necessary stamp or stamps, to prepay the

postage, must in all cases be placed (as in the case of letters) close above the address.

Parcels which bear on the outside any writing or drawing of an indecent or offensive nature, or within which any contents of a like nature may be observed, and parcels containing gunpowder, cartridges, lucifer matches, or anything explosive or liable to sudden combustion, bladders containing liquid, live animals, grossly offensive or filthy matter, and anything in a condition likely to injure other parcels, or any officer of the Post Office, are prohibited.

If any such parcel be tendered for posting, it is refused, or, if detected in transit, it is detained.

Parcels containing fish, game, meat, eggs, &c., or razors, scissors, needles, knives, forks, or other sharp instruments, are not accepted unless securely packed so as to guard against risk of injury to other parcels. Liquids or semi-liquids, such as jellies, pickles, paint, varnish, &c., are not accepted unless in bottles or cans securely stoppered; nor powders, unless so packed that they cannot escape in transmission. Bottles or glass in any form can be accepted only when so packed as to be secure from breakage. If a parcel be tendered in a damaged or insecure condition, or in a condition likely to injure other parcels or any officer of the Post Office, it is refused. If a parcel in such a condition is observed in transit it is, if possible, made secure and sent forward; but, if it cannot be so secured, it is detained.

Parcels known to contain a letter, packet, or parcel intended for delivery at an address other than that borne on the parcel itself are prohibited.

Parcels addressed to or sent from the Channel Islands (Jersey, Guernsey, Alderney, Sark, and the adjacent inhabited Islets) are received from the public under the same general conditions with regard to weight and size, and at the same rates of postage, as parcels for all other portions of the United Kingdom; but as the Channel Islands in relation to the Customs laws of the United Kingdom are subject to the same restrictions as Foreign Countries, such parcels are liable to Customs examination at the port of arrival, and the sender is required to make a declaration of contents upon a special form provided for the purpose at the office where the parcel may be posted. Tobacco cannot be sent into, out of, or between any of the Channel Islands by Parcel Post.

Goods intended to be warehoused in bond in the United Kingdom; or goods for removal under bond from the United Kingdom; or on which it is intended to claim "drawback" of duty on subsequent exportation to the Channel Islands, are not accepted for transmission by Parcel Post.

Parcels for the Isle of Man are treated in the same way as parcels for places in the United Kingdom generally. They are liable to examination by the officers of Customs; but the sender is not (as in the case of the Channel Islands) called upon to furnish a declaration of contents. Practically, no articles liable to Customs duty can be sent by Parcel Post from the Isle of Man to Great Britain or Ireland, but there is no Customs restriction on parcels sent from Great Britain or Ireland to the Isle of Man.

Parcels which are sent in contravention of the Customs regulations are liable to confiscation.

Parcels may be addressed to a Post Office to be called for, but if it be found that persons residing within the limits of the free delivery make it a practice to have their parcels so addressed, the parcels for such persons will be sent out by the postman, after notice has been given.

Parcels addressed to a Post Office to be called for, or to a person residing beyond the free postal delivery, are kept three weeks. At the end of one week, if the parcel bears on the outside the sender's name and address, a notice of the fact that the parcel has not been delivered is sent to him.

Parcels addressed to a ship are, as a rule, if they cannot be delivered, kept for one month at the place to which they are addressed.

If, however, such a parcel contains perishable matter it is kept only forty-eight hours; and should it become offensive, it may be disposed of at any time as the Postmaster-General may direct.

The new Postal Orders can be so combined that any sum, consisting of shillings and sixpences up to 20s, may be transmitted by two Orders, and Postage Stamps may be used up to fivepence for broken amounts, *which stamps should be affixed on the face of the Orders.*

3. The person to whom a Postal Order is issued must, before parting with it, fill in the name of the person to whom the amount is to be paid, and may fill in the name of the Money Order Office at which the amount is to be paid. The person so named must, before payment can be made, sign the receipt at the foot of the Order, and must also fill in the name of the Money Order Office, if that has not been already done.

4. Every person to whom a Postal Order is issued should keep a record of the number, date, and name of office of issue to facilitate inquiry if the Order should be lost.

No Money Order, Postal Orders, or Savings Bank business is transacted on a Sunday.

APPLICATIONS TO RETURN LETTERS.—A letter, when it has once been posted, cannot be returned to the writer, but must be forwarded to the person to whom it is addressed.

CHANGE AND BAD MONEY.—No Postmaster is bound to give change, or is authorised to demand change; and when any money is paid at this office, whether as change or otherwise, no question as to its right amount, goodness, or weight can be entertained after it has been removed from the counter.

### POST OFFICE SAVINGS BANKS.

1. Post Office Saving Banks are established at all Money Order Offices in the United Kingdom, and are open for the receipt and payment of money daily during the hours appointed for Money Order business.

2. At these banks deposits of one shilling, or any number of shillings, will be received; but no one may deposit more than £30 in one year ending 31st December, or make a further deposit when the total amount standing to his credit has reached £150 exclusive of interest.

3. Interest at the rate of £2 10s per cent. per annum (which is at the rate of sixpence in the pound for each year, or at the rate of one halfpenny on each complete pound for each month reckoning from the first day of the calendar month next following the day on which a complete pound has been deposited, up to the last day of the calendar month preceding the day on which the money is withdrawn) is allowed until the sum due to a depositor amounts to £200 when interest ceases to be allowed. The interest due to each depositor is added to the principal due to him on the 31st December in each year.

And so on by ½d for every additional 2 oz.

A letter posted unpaid is chargeable on delivery with double postage; and a letter posted insufficiently prepaid is chargeable with double the deficiency.

RE-DIRECTION.

1. Every inland re-directed letter, post card, or other postal packet is liable to an additional postage (at the prepaid rate) for each re-direction, unless both the original and the second address be within the delivery of the same Post Office, or Sub-Office, or rural walk, and the re-direction be made by an officer of the Post Office. Thus, on a paid or unpaid letter not exceeding 1 oz. in weight re-directed either by an officer of the Post Office, or by any one else to a different delivery, an additional postage is levied of one penny; and if the weight be more than 1 oz., but less than 2 oz., of three-halfpence, and so on.

*Exception.*—No charge for re-direction is made on Government letters.

2. An inland registered letter, when re-directed to any place within the United Kingdom, is only liable to the same additional charge as an ordinary letter.

3. If an inland registered letter, when re-directed, instead of being taken back to the Post Office be dealt with as a registered letter, is dropped into the letter box as an ordinary letter (the word "registered" not having been erased or having been erased in pencil only), it becomes liable to the same treatment as any other letter which is marked registered and found in the letter box; and must be surcharged with a registration fee of 8d *minus* the value of any stamps already fixed for the registration.

4. Notices of removal, and applications for letters to be re-directed, must in all cases be duly signed by the persons to whom the letters are addressed, and in provincial towns they must be sent to the local Postmaster. Printed forms of notice can be obtained at any Head or Branch Office, or from the Postman of the walk; and when filled up and signed, they should be given to the Postmaster of the district or to the Postman; but owing to the frequent removals which take place in the Metropolitan district, it is desirable, for the prevention of mistakes, that persons who are about to change their residence should inform their correspondents beforehand of their intention, so that their letters may be directed in the first instance to their new address.

5. A Postmaster is not bound to re-direct for a person temporarily leaving his home, and not having a private bag or box, unless the house be left uninhabited.

---

#### ADDRESSES TO THE QUEEN AND PETITIONS TO PARLIAMENT.

Petitions and Addresses to Her Majesty, forwarded direct, are exempt from postage, and such petitions and addresses as also petitions to either House of Parliament if sent to a Member of either House are likewise exempt provided they do not weigh more than two pounds, and are without covers, or are in covers open at the ends. No letter, or other enclosure, however, must be inserted, and if one be found, such enclosure, unless it bears the proper number of postage stamps, will be charged as an unpaid letter.

---

#### INLAND NEWSPAPERS.

For each inland newspaper, whether posted singly or in a packet, the postage when prepaid is one halfpenny; but a packet containing two or more registered newspapers is not chargeable with a higher rate of postage than would be chargeable for a book packet

of the same weight, viz., one halfpenny for every two oz., or part of that weight.

A newspaper posted unpaid, or a packet of newspapers posted either unpaid or insufficiently paid, is treated as an unpaid or insufficiently paid book packet of the same weight.

The newspaper wrappers are sold at 10 for  $5\frac{3}{4}$ d.

The Post Cards are sold at the following prices :—Thin Cards, 7d ; Stout Cards, 8d per dozen.

Foreign Post Cards may be sent to all the countries comprised in the General Postal Union.

Foreign Post Cards with an impressed stamp of 1d and  $1\frac{1}{2}$ d each are sold at that rate, and are transmissible to the majority of the countries of the Union without extra charge.

Registered Letter envelopes sold at 12 for 2s  $2\frac{1}{2}$ d, or  $2\frac{1}{4}$ d each.

---

### INLAND BOOK POST.

The following are the regulations for the Inland Book Post :—

The postage is one halfpenny for every 2 oz., or part of that weight.

A packet posted wholly unpaid is charged with double the book postage ; and if posted partially prepaid, with double the deficiency.

A book packet may be posted either without a cover (in which case it must not be fastened, whether by means of gum, wafer, sealing wax, postage stamp, or otherwise), or in a cover entirely open at both ends, so as to admit of the contents being easily withdrawn for examination ; otherwise it is treated as a letter. For the greater security of the contents, however, it may be tied at the ends with a string ; Postmasters being authorised to cut the string in such casses, although if they do so they must again tie up the packet.

CIRCULARS—*i.e.* letters which, according to internal evidence, are being sent in identical terms to several persons and the whole or the greater part of which is printed, engraved, or lithographed, may also be sent by book post.

---

### ABUSE OF THE BOOK POST.

It seems to be but imperfectly understood that there is no legal way of sending a letter other than a circular letter, through the post for a postage of a halfpenny, except by means of a post card.

A notion appears to prevail that, because a post card which is open to inspection may have a letter written or printed upon it, any card whatever, and even any piece of paper, if only it be placed in open wrapper, may be sent through the post with a letter written or printed upon it for a postage of a halfpenny.

It seems necessary, therefore, to explain for the guidance of the public—

1. That the letter rate of postage must be prepaid for any communication of the nature of a letter, whether it be placed in a closed envelope or in an open cover, unless a post card be used for the purpose, or unless the letter be a circular letter, *i.e.*, a letter having internal evidence that it is intended for transmission, in identical terms, to several persons, and the whole or greater part of which is printed, engraved, or lithographed.
2. That cards having merely a halfpenny adhesive stamp affixed to them must not bear any communication of the nature of a letter, unless it be a circular letter.

Large numbers of letters, not being circular letters, are from time to time found in halfpenny wrappers, contrary to the express provisions of the book post; and, as the officers of the department are instructed to surcharge all such letters with additional postage, it will save not only trouble to the Post Office but annoyance to the public, if care be taken always to pay letter postage for letters other than circular letters, unless they be written or printed on post cards.

### REGISTRATION

The fee for registering a letter, newspaper, or book packet passing between any two places in the United Kingdom is 2d.

Compensation for loss or damage of registered letters, books, or newspapers will be given, subject to certain regulations, as follows:—

|                                                                                                                       |    |
|-----------------------------------------------------------------------------------------------------------------------|----|
| Where no fee, except postage and registration fee is paid, to an amount not exceeding - - - - -                       | £2 |
| Where, in addition to postage and registration fee, insurance fee of 1d is paid, to an amount not exceeding - - - - - | 5  |
| Where, in addition to postage and registration fee, insurance fee of 2d is paid, to an amount not exceeding - - - - - | 10 |

Every letter, &c., to be registered should be presented at the counter, and a receipt obtained for it, and should on no account be dropped into a letter box. If, contrary to this rule, a letter marked "Registered" be dropped into a letter box, it will, "if directed to any place in the United Kingdom," be liable to a registration fee of 8d, instead of the ordinary fee of 2d.

Every article presented for registration must be enclosed in a strong cover, securely fastened. If the article contains money, it must, in order to gain the benefit of the guarantee be enclosed in a Registered Letter Envelope sold by the Post Office; and if coins

are sent, they must on no account be put in loose, but must be packed and enclosed in such a way as to move about as little as possible.

All inland letters which contain coin, watches, or jewellery, even though they be posted without registration, are treated as registered, and are charged on delivery with a registration fee of 8d in addition to the ordinary postage; and any such letters which cannot be registered in time to be forwarded by the Mail for which they are posted are detained for the next despatch.

The registration of a packet makes its transmission much more secure, inasmuch as under ordinary circumstances, a registered packet can be traced through its whole course, and thus the loss of a registered packet is a very rare occurrence.

---

#### ARTICLES NOT ALLOWED TO BE SENT BY POST.

1. It is forbidden to forward by post any indecent or obscene print, painting, photograph, lithograph, engraving, book, or card, or any other indecent or obscene article, or any letter, newspaper, publication, packet, or card, having thereon any words, marks, or designs of an indecent, obscene, libellous, or grossly offensive character. Anything posted contrary to this prohibition will be stopped and sent up to the Returned Letter Office, London.

2. Postmasters are instructed not to receive any letter which there is good reason to believe contains anything likely to injure the contents of the Mail bag, or to do bodily harm to any officer of the Post Office. If such a packet be posted without the Postmaster's knowledge, or if at any time before its despatch he should discover any such packet, he is directed not to forward it, but to report the case, with the address of the packet, to the Secretary. The following are the examples of the articles referred to :—

A glass bottle or glass in any form; leeches, game, fish, meat, fruit, or vegetables; bladders or other vessels containing liquids; gunpowder, lucifer matches, or anything which is explosive or liable to sudden combustion; razors, scissors, needles, forks, or other sharp instruments are also forbidden, except when sent in packets or samples to foreign countries on the condition mentioned in Rule.

# The Scottish Equitable LIFE ASSURANCE SOCIETY.

HEAD OFFICE:  
26 ST. ANDREW'S SQUARE, EDINBURGH.

**T**HE SCOTTISH EQUITABLE LIFE ASSURANCE SOCIETY combines the advantages of Unquestionable Security, Liberal conditions of Assurance, and early participation of Profits. It is an entirely mutual society, there being no Shareholders to absorb any portion of the profits. These are ascertained at intervals of five years, and divided among the holders of participating policies according to an equitable arrangement, which gives a progressive bonus according to the length of time a policy has been in force. It is the aim of the Directors to give the Members the benefit of every real improvement in the practice of life insurance that is suggested by experience.

**REVIVAL OF LAPSED POLICIES**—If the assured is in good health a lapsed policy will be revived at any time within twelve months after the date of forfeiture, on payment of the Premium in arrear, with a fine of five per cent. upon the Premium if paid within a month after the date of forfeiture, and an additional two-and-a-half per cent. for each further month that shall elapse before payment.

**SURRENDER OF POLICIES**.—In the case of Participating Policies effected at the ordinary Tabular Rates, on which three years' premiums have been paid, the Minimum Surrender Value is thirty-three per cent. of the Premiums paid, in addition to the value of the Bonus.

**FREE OR PAID-UP POLICIES**.—In lieu of Surrender Value, a paid-up Policy of corresponding amount may be obtained subject to no further payment of ordinary Premium.

**LOANS TO POLICYHOLDERS** are granted to an extent not exceeding the Surrender Value of the Policies, at 5 per cent. interest, free of all expense, and without any other security than the deposit of the Policies.

**HALF-CREDIT OR PREMIUM LOANS**.—In the case of Participating Assurances, the age not exceeding 50, one-half of the Annual Premiums for the first five years may be retained as a loan, interest at 5 per cent. on the sums so retained, being payable yearly in advance along with the other half of the Premium.

**MARRIED WOMEN'S PROPERTY ACT, 1870**.—A married man in England or Ireland may effect a Policy on his own life for the benefit of his wife, or wife and children, and the Policy will be secured to them free from all claims of his creditors, in the event of his becoming afterwards insolvent. The Directors have lately had a new form of Policy prepared with very great care, which will render it unnecessary to have a trustee specially appointed to receive the policy moneys, so that the representatives of the assured will be saved the expense attendant on the legal proceedings for that purpose. A married woman may also assure her own or her husband's life for her separate use, under the special provision of this Act.

## Nature's Gifts.

AS seasons roll successive as the tides,  
 So bounteous nature lavishly provides  
 For human wants—nor that with stinted hand  
 Proffers the products of the Sea and Land ;  
 The salient few, in order due we'll trace  
 As worthy mention in this valued space :—  
 Chill Winter brings to coast of Ballantrae  
 Cods, Turbot, Brille, and choice Crustacea,  
 Columbia's Oysters, rivalling the Pandore,  
 Lochryan's scalps contribute of their store ;  
 The Lobster, in his shell of purple-blue  
 (Or boiled, emerges, son of Mars ! in hue) ;  
 Fat Capons, Turkeys, and the homely Poule,  
 The stubble Goose, so orthodox at Yule ;  
 Game of all kinds, which daily wing their flight,  
 Or pad the meadows at approach of night.  
 Spring hails the Silver King, nursed in the classic Ayr,  
 Curded and crimp ; can Tay or Tweed compare  
 Their woolly specimens, of elongated form,  
 With compact wrestler of the western storm !  
 Benignant Summer, with her large supplies,  
 Brings " Caller Herrin'," rich and poor so price ;  
 The Mackerel, too, in robe cerulean lends  
 Her aid to swell the shoal this season sends.  
 Prolific Autumn's cornucopian horn  
 Pours heavy takes which scarcely can be borne  
 By daring toilers of the mighty deep ;  
 But, once ashore, a rich reward all reap.  
 Here Art steps in, sees safe the surplus cured,  
 Then fickle Winter's placidly endured.

**PUBLISHED on TUESDAY & FRIDAY AFTERNOONS.**

THE TUESDAY ISSUE is published in the Afternoon, at Two o'Clock, and contains the Ayr Grain and Cattle Markets of that day, the London Corn Exchange Returns and Liverpool Cattle Markets of Monday, the *Mark Lane Express* Review of the Corn Trade during the previous week, and the other principal Markets held at the beginning of the week throughout the country.

The FRIDAY ISSUE is now also published in the Afternoon, and contains reports of the principal English and Scotch Markets held towards the end of the week, and all the Agricultural, Commercial, and General Intelligence usually found in a Saturday Morning Paper. While recognised as an influential County Paper, the interests of the Town are not neglected, and the OBSERVER is noted for its spirited advocacy of all improvements calculated to promote the general welfare. This issue consists of 12 pages, or 72 columns in all, and is thus the largest county paper published in Scotland.

Each issue contains Telegraphic News up to the hour of going to press, the fullest reports of Local Intelligence, Original contributions from experienced Leader Writers, Reviews, and Literary Notices of New Publications and current Literature, Literary Extracts, and Opinions of the Press, and a full summary of General News. No exertion is spared to render the OBSERVER AND CHRONICLE a useful and agreeable local organ, suited to the tastes of the Town or County Gentleman, the Farmer, the Merchant, and the General Reader.

The OBSERVER for upwards of Half a-Century has been recognised as ranking amongst the best Advertising mediums in Scotland. In the wide district in which it circulates no other newspaper is so favoured by advertisers. The rates are Moderate considering the extent of the circulation.

*The "Observer" may be had from Agents everywhere in the South-Western Counties, Price One Penny; or direct from the Office, Newmarket Street, Ayr (if paid in advance), 8s per Annum, unstamped; or free by Post, 12s per Annum.*

# Ayrshire Argus and Express

## AND GALLOWAY REVIEW.

---

THE rapid development and competition of the Provincial Daily Press has compelled the Weekly Paper to look out for fresh sources of attraction. The Morning Penny and the Afternoon Halfpenny Paper comes in before the Weekly with General News and abridged reports even of Local News. The Weekly Paper thus, in order to maintain its ground, must devote itself more exclusively to the fuller reports of Local Intelligence, and, in addition thereto furnish a few columns of Fiction. For nearly a quarter of a century London has supplied to provincial readers millions of penny sheets of fiction, good, bad, and indifferent, and it is for the Weekly Newspapers to compete with London periodicals devoted wholly to fiction, and the Daily Newspaper Press devoted entirely to general news.

The ARGUS AND EXPRESS has been a most successful competitor in this respect. Besides giving a full Summary of the **Home and Foreign News of the Week,**

IT ALSO CONTAINS THE

**Fullest Reports of Local Intelligence,**

and has at the same time, been able to provide its readers with a succession of Original Serial Novels by the best authors. These Novels are obtained by special arrangement direct from the authors, and are copyright. Among those who have already contributed to the ARGUS AND EXPRESS may be mentioned F. W. Robinson, Mr J. E. Muddock, Miss Marryat, Mrs Riddell, Captain Mayne Reid, Miss Dora Russell, B. L. Fargeon, Mrs Oliphant, &c. And as proof of the popularity of these works, it is worthy of note that all of them have achieved great success in a book form, and are still in active demand in the most expensive libraries in a three-volume shape. The present Novels appearing in the ARGUS AND EXPRESS are now nearly completed, and are advertised to appear in book form, published at thirty shillings each, while they have hardly cost the ARGUS & EXPRESS subscribers half as many pence.

NEW NOVELS of great power and originality will shortly be commenced, which are sure to lend additional attraction to the readers of the ARGUS & EXPRESS. It will be esteemed a great favour if the present readers will kindly endeavour to bring these New Tales under the notice of others, and so enable the Publisher still further to enlist the services of other distinguished authors to enrich the columns of the ARGUS & EXPRESS, and also enable the Local Press still more successfully to compete with other papers and periodicals published at a distance.

ABSOLUTELY GENUINE SOAPS  
ANY QUANTITY AT WHOLESALE PRICES.

It is a fact, which ought to be known, that, in order to meet the demand for low-priced Goods, Soaps are now adulterated to a very large extent. To lessen the cost and to add to the weight, they are highly charged with strong Alkaline Salts, which render them alike injurious to the skin, and destructive to the clothes.

We guarantee that our All Soaps are absolutely free from adulteration. Combined with Glycerine, they are highly emollient; and for lasting and cleansing properties, they are not surpassed by any Goods in the Market
